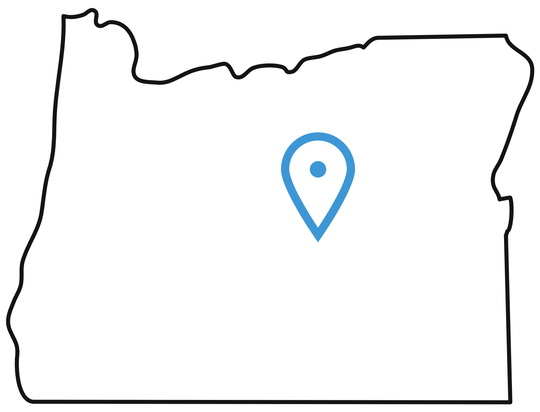
CAREER JOURNEYS

Lesson 19

Connor Lysne

Educator



Prineville, OR

About Connor

Connor Lynse is a Lego robotics and technology teacher at Steins Pillar Elementary School in Prineville, Oregon, and loves coming to work every day to see his students.

Growing up with his mom working as a teacher, Lynse has been around educators all his life. His positive experiences in school helped propel toward his own career in education. It's a challenging, but rewarding job managing hundreds of students in a given day.

From kindergartners to fifth graders, Lynse guides his students through coding, performing tasks with robots, and building with Legos. He loves having fun with his classes and wants to create a strong foundation of problem-solving skills for his students.

Objectives

Students will:

- Learn about potential career paths in education.
- Understand skills and requirements for being a teacher and natural resources researcher.
- Learn some of the challenges and benefits of working as an educator.

Instructor's Note

The videos can be screened for groups of students or assigned individually for self-guided study.

Instructors should be prepared to have a conversation about supporting and affirming students with immigration status. This may include explaining aspects of historical and current discrimination and biases, including cultural, systemic, institutional, and interpersonal factors. Instructors should also make sure to facilitate a strengths-based conversation, centering on the resilience and contributions of those who have immigrated to the United States. They should be prepared to interrupt harmful comments that may be discriminatory, including stereotypes, and/or derogatory slang. Instructors are encouraged to have some familiarity with terms, definitions, research, and review of Civil Rights law and immigration laws to provide age-appropriate concepts for students on various services and employment experiences.

Lesson Plan

WARM-UP

Share the following:

Connor Lynse is a Lego robotics and technology teacher at Steins Pillar Elementary School in Prineville, Oregon, and loves coming to work every day to see his students.

To focus student engagement, provide the following grounding questions prior to viewing the Profile Video:

- What comes to mind when you think of education?
- When you think of a teacher, what comes to mind?
- Why might someone choose a path as an educator?

Provide students with the Profile Video (linked above) for synchronous or asynchronous viewing.

After viewing the Profile Video, ask students to engage in a brief dialogue, quick write, or table talk on the grounding questions provided.

INSTRUCTION

Provide students with the following discussion questions prior to viewing the Q&A Video:

- What are some of Lysne's job responsibilities?
- What does he do on a day-to-day basis?
- What questions do you still have about Lysne's job?
- What are some skills you think would be useful in his job?
- Why might someone choose education?
- How might Lysne's teaching experience change between being in the classroom vs. being in the field?

Provide students with the Q&A Video for synchronous or asynchronous viewing.

After viewing the Q&A Video, ask students to engage in a dialogue based upon the discussion questions as a class, group or partner.

Ask students to complete a Quick/Extended Write and/or Individual/Group Research project.

Quick/Extended Write

- Students can evaluate, analyze, or apply their understanding by completing a quick write-up based upon a topic from the above discussion items.
- Ask students to write a journalistic 250-350 word profile story that would introduce Lysne and describe his career path to readers.
    - Here's a **useful link** you can use to help students craft their profiles.

Individual/Group Research

- Students can choose this career path or related field and complete research to determine necessary education, work experience, day in the life, core tasks, job availability, and salary range. Information can be shared back to the instructor or with other learners.
- What career terminology related to this video subject do individuals or groups need to further investigate to deepen their knowledge and understanding of this occupation?

EXTENDED LEARNING ACTIVITES

Provide students with Extended Learning Activities for deeper engagement through the following ways:

- Small group discussion
- Socratic Seminar
- Word Walls
- Gallery Walk
- Career path and/or career vision poster
- Resumes: what are they, how to build them
- How to fill out a job application
- Mock Interviews

REFLECTION OF LEARNING

Students should be able to reflect upon, and:

- Identify the skills needed to work as an educator. This includes academic, technical and essential employability skills that students can learn about, explore, and develop in their middle school and high school environments.

- Identify and describe careers that are related to or share similarities to the career in this video.

- Categorize this career into the CTE Career Clusters and determine the academic courses, experiences, and opportunities that are available to them at their school and region.

- Envision themselves in this career area and consider if they would have the desire to pursue opportunities to further explore and prepare for this occupation.
